

World Since 1945 A History Of International Relations Pdf Pdf

"Profoundly realistic and important...supremely timely and cogent...the first book to fully fathom the depth and range of the changes now sweeping through the world." —The Washington Post Book World Francis Fukuyama's prescient analysis ...

The World Since 1945 2005-01-01 Wayne C. McWilliams The World Since 1945 traces the major political, economic, and ideological patterns that have evolved in the global arena from the end of World War II to the present day. The sixth edition of this widely acclaimed textbook thoroughly updated throughout continues to provide not only the background that students need in order to understand current international relations, but also new material on politics around the world. Among the current topics covered in this edition are the expansion of the European Union, the impasse in Palestinian-Israeli relations, the rightward movement in Russian politics, and the impact of the expanding Chinese economy on trade relations, military power, and the environment. A new chapter is devoted to the global consequences of the September 11 terrorist attacks. Beautifully written and student friendly, The World Since 1945 has made its place as the text of choice in scores of world history and introductory IR courses.

Wayne C. McWilliams and Harry Piotrowski are emeritus professors in the Department of History at Towson University.

Contents: Introduction. The Origins of the Cold War. The End of World War II and the Dawn of the Nuclear Age. The Cold War Institutionalized. The Cold War in Asia: A Change of Venue. Confrontation and Coexistence. Nationalism and the End of Colonialism. Decolonization in Asia. Decolonization in Africa. The Middle East: The Arab-Israeli Conflict. The Globalization of the Economy. The Soviet Union: From Perestroika to the Retreat from Empire. The Nuclear Arms Race. September 11 and Its Consequences. Epilogue: The End of the Post-World War II Era.

The World Since 1945 2016-11-03 P. M. H. Bell A masterly synthesis of the history of the contemporary world, The World Since 1945 offers the ideal introduction to the events of the period between the end of the Second World War and the present day. P. M. H. Bell and Mark Gilbert balance a clear narrative with in-depth analysis to guide the reader through the aftermath of the Second World War, the Cold War, decolonization, Détente and the Arab-Israeli Conflict, up to the on-going ethnic strife and political instability of the 21st century. The new edition has been thoroughly revised to fully reflect developments in the history and historiography of the post-war world, and features five new chapters on the post-Cold War world, covering topics including: - The rise and fall of American hegemony - The decline of Europe - The rise of Asia - Political Islam as a global force - The role of human rights

The World Since 1945 challenges us to better understand what happened and why in the post-war period and shows the ways in which the past continues to exercise a profound influence on the present. It is essential reading for any student of contemporary history.

A World of Nations 2009 William R. Keylor Now updated to address recent developments in the post-9/11 world, A World of Nations, Second Edition, provides an analytical narrative of the origins, evolution, and end of the Cold War. Much more than a simple account of the long struggle between the two superpowers, this vibrant text opens with chapters exploring the development of regional conflicts--ethnic, religious, cultural, economic, and military--that dominated international relations until the breakup of the Soviet Union. The final chapters examine the war on terror and the salience of interstate and transnational

conflicts in the era of globalization. In engaging, compelling language, author William R. Keylor provides a genuinely international history of this turbulent period. Designed to serve the needs of both political scientists and historians, the new edition has been reorganized along regional lines while still maintaining the chronological approach of the previous edition. Building on its historical foundation, the second edition discusses International Relation theory and explores such timely critical topics as human rights, environmental issues, NGOs, immigration, and international terrorism. In addition, numerous new photographs and helpful maps animate the text, drawing students into this dynamic subject. Thoroughly revised and even more relevant in its second edition, A World of Nations offers a riveting exploration of international relations as they have evolved from the Second World War to the present. It is ideal for political science courses on international relations, as well as courses on the history of U.S. foreign policy, European diplomatic history, the history of international relations, and world history since 1945.

The World Since 1945 1998-08-27 T. Vadney THE COMPLETE HISTORY OF GLOBAL CHANGE FROM 1945 TO THE PRESENT DAY The world since 1945 has witnessed fundamental changes, notably the increasing influence of the West - particularly the USA - in a variety of spheres, the emergence and collapse of the USSR, the end of colonial empire in Asia and Africa and the escalation of wars and other conflicts in the Third World. In this incisive survey T. E. Vadney examines the key events without ever neglecting the underlying trends. He explores therapid changes in the Middle East, the end of apartheid in South Africa and the aims of American foreign policy. He concludes with a new epilogue in which he examines the direction of post-1945 history as the world enters the twenty-first century.

The World Since 1945 2005 Daniel R. Brower This brief book stresses the profound global transformation that has occurred since 1945 as a result of the collapse of the remaining great colonial empires, and the emergence of nation-states throughout the world. Its thematic emphasis makes clear as well the importance of the Cold War in influencing the process by which these nation-states sought to create new ideals and new institutions--to insure order and justice within their boundaries, and find places within the international community. The book also links the new nation-states in the Middle East, Asia, and Africa, with the ethnic conflicts, local wars, and terrorist movements that became increasingly prevalent toward the end of the twentieth and early twenty-first centuries. For a world-historical perspective on contemporary civilization.

The World Since 1945 2017-01-12 P. M. H. Bell "A comprehensive survey of international affairs from the end of the Second World War, through to the Cold War and up to the present day"-- Provided by publisher.

International Relations Since 1945 2013-02-07 John W. Young International Relations since 1945 offers undergraduate students a comprehensive and accessible introduction to global political history since World War II. Clearly structured, and with a balance of description and analysis, the text is also supported by a range of helpful learning features and an accompanying website.

One World Divisible 2015-09-24 David Reynolds The second half of the twentieth century was dominated by the unfolding drama of the Cold War, from the Berlin blockade to the fall of the Berlin Wall. A booming global economy has had its sinister shadow in the apparently insoluble crises that have beset much of the Third World. Above all, peace in the West has been offset by wars of unbelievable murderousness elsewhere. Reynolds' account is both an overview of the trends underlying this spectacular and awful

variety, and an insight into the lives led in its midst.

The World Since 1945 2001 Philip Michael Hett Bell International institutions, the world economy, & predominant ideas & beliefs have all undergone major changes over the second half of the 20th century. This text discusses key concepts & traces the main themes that have shaped the post war world.

The World Since 1945 1998 Keith Robbins This accessible and stimulating account of world history since 1945 provides a framework for making sense of the political and social developments of this period. The underlying theme of the book is the tension between the world conceived as a unity and the world conceived as a diversity. From this perspective, the author discusses the impulse towards globalization in the aftermath of the Second World War, the divisions inherent in the Cold War, and the shifting allegiances and conflicts in the decades which followed. He ends with an assessment of our position with regard to world unity and disunity as the millennium approaches.

Global Interdependence 2014-01-14 Akira Iriye Global Interdependence provides a new account of world history from the end of World War II to the present, an era when transnational communities began to challenge the long domination of the nation-state. In this single-volume survey, leading scholars elucidate the political, economic, cultural, and environmental forces that have shaped the planet in the past sixty years. Offering fresh insight into international politics since 1945, Wilfried Loth examines how miscalculations by both the United States and the Soviet Union brought about a Cold War conflict that was not necessarily inevitable. Thomas Zeiler explains how American free-market principles spurred the creation of an entirely new economic order--a global system in which goods and money flowed across national borders at an unprecedented rate, fueling growth for some nations while also creating inequalities in large parts of the Middle East, Latin America, and Africa. From an environmental viewpoint, J. R. McNeill and Peter Engelke contend that humanity has entered a new epoch, the Anthropocene era, in which massive industrialization and population growth have become the most powerful influences upon global ecology. Petra Goedde analyzes how globalization has impacted indigenous cultures and questions the extent to which a generic culture has erased distinctiveness and authenticity. She shows how, paradoxically, the more cultures blended, the more diversified they became as well. Combining these different perspectives, volume editor Akira Iriye presents a model of transnational historiography in which individuals and groups enter history not primarily as citizens of a country but as migrants, tourists, artists, and missionaries--actors who create networks that transcend traditional geopolitical boundaries.

China and the World Since 1945 2013-03 Chi-kwan Mark The emergence of China as a dominant regional power with global influence is a significant phenomenon in the twenty-first century. Its origin could be traced back to 1949 when the Chinese Communist Party under Mao Zedong came to power and vowed to transform China and the world. After the 'century of humiliation', China was in constant search of a new identity on the world stage. From alliance with the Soviet Union in the 1950s, China normalized relations with America in the 1970s and embraced the global economy and the international community since the 1980s. This book examines China's changing relations with the two superpowers, Asian neighbours, Third World countries, and European powers. China and the World since 1945 offers an overview of China's involvement in the Korean War, the Sino-Soviet split, Sino-American rapprochement, the end of the Cold War, and globalization. It assesses the roles of security, ideology, and domestic politics in Chinese foreign policy and provides a synthesis of the latest archival-based research on China's diplomatic history and Cold War international history. This engaging new study examines the rise of China from a long-term historical perspective and will be essential to students of Chinese history and contemporary international relations.

International Politics Since World War II 1997-01-01 Charles L.

World Since 1945 A History Of International Relations Pdf
Pdf upload Jason s Murray

Robertson The past half-century has seen many hopes raised and some dashed, a succession of fears and false alarms, and both triumphs and calamities that were almost entirely unexpected. This book offers a short but sweeping history of world politics since 1945: America's postwar preeminence and the hopes that attended the creation of the United Nations; the Cold War and the emergence of a volatile Third World; economic transformations and the twin threat of nuclear and natural disaster; the crumbling of the Soviet system and the short-lived promise of a peaceful, prosperous, and democratic new world. Charles L. Robertson describes these momentous changes concisely but evocatively, in an effort to show how we got here from there and what we might have learned along the way. His use of both documents and memoirs as well as scholarly sources and his avoidance of trendy theories gives this survey solid grounding. The inclusion of maps and annotated reading lists makes the book fully accessible to students and general readers.

International Relations Since 1945 2020-02-20 John W. Young International Relations since 1945 is the most student-friendly guide to the history of international relations. In it, Young and Kent provide an accessible and comprehensive introduction to key developments in international relations across the world. Now in its third edition, the text has been thoroughly updated to include contemporary developments and includes a brand new concluding part: 'The Age of Uncertainty, 2011 - 2018'. New to the third edition are three chapters covering developments from the last decade. The first of these, 'Conflict and Chaos in the Middle East', describes the development of the War in Syria and the emergence of the so-called Islamic State. Young & Kent tackle Brexit and the Trump administration in a new chapter on 'Threats to the existing Global Order: Instability in the West'. The final new chapter details 'Challenges from the East' with an overview of Russia's unstable relationship with NATO, North Korea's nuclear ambitions, and China's new international economic rules under the leadership of Xi Jinping. International Relations Since 1945 is helpfully structured chronologically and by region, taking the reader through the tension of the Cold War and post-war decolonisation to the Vietnam War, The Detente Era, and the latest developments in Middle East politics. Furthermore, students are supported by helpful learning features including biographies of key figures and chronologies of events.

International Relations since 1945 2017-06-19 Geir Lundestad Introducing the key events and developments in international relations, this authoritative and engaging book provides students with a clear understanding of the contemporary issues in international politics. Putting the foundations and contexts of International Relations at your fingertips, this Eighth Edition: Provides an account of the world as it has evolved up to 1945 Extended coverage of topics including population, gender and the environment Includes expanded material on the theory of international relations Includes new learning resources, including an 'alternative perspectives' box in each chapter Supports research with fully updated and annotated further reading lists Praised for its detail and tone, International Relations since 1945 is ideal for providing undergraduates with a historical background as they approach international relations.

Britain and World Power Since 1945 2014-08-18 David M. McCourt After the fall of its empire, Britain still holds sway

The Global Cold War 2007-03-01 Odd Arne Westad The Cold War shaped the world we live in today - its politics, economics, and military affairs. This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we see today, including the War on Terror. It focuses on how the Third World policies of the two twentieth-century superpowers - the United States and the Soviet Union - gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other. Ranging from China to Indonesia, Iran, Ethiopia, Angola, Cuba, and Nicaragua, it provides a truly global perspective on the Cold War. And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted

interventions, the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing.

Global Century Series One World Divisible 2001-03-06 David Reynolds "A magisterial account of our time by a distinguished historian."—Walter LaFeber, prize-winning author of *The Clash* Global change has accelerated at an unprecedented pace in the last half-century. The trajectory of change points in different directions, with the world growing at once more interconnected and more fragmented. Commerce and migrations, television and the World Wide Web suggest a story of growing interconnection, while at the same time the proliferation of nation-states and the divisions rooted in religion, race, and material inequality tell of separation and conflict. David Reynolds's brilliant history captures both themes and grounds them vividly in the people and events of the last fifty years. Reynolds captures the great political events: the Cold War, the Chinese revolution, independence movements, Vietnam, and the fall of the Soviet Union, and broader developments: economic and population growth, the spread of cities, vast technological change, genetic manipulation, and the creation of a digital world. Carefully avoiding an encyclopedic approach, Reynolds integrates these themes into a narrative with authority, vision, and style. A volume in the Global Century series, books by outstanding scholars on the history of the world in the twentieth century—general editor, Paul Kennedy.

A Global History of the Cold War, 1945-1991 2021-09-25 Philip Jenkins This textbook provides a dynamic and concise overview of the Cold War. Offering balanced coverage of the whole era, it takes a firmly global approach, showing how at various times the focus of East-West rivalry shifted to new and surprising venues, from Laos to Katanga, from Nicaragua to Angola. Throughout, Jenkins emphasises intelligence, technology and religion, as well as highlighting themes that are relevant to the present day. A rich array of popular culture examples is used to demonstrate how the crisis was understood and perceived by mainstream audiences across the world, and the book includes three 'snapshot' chapters, which offer an overview of the state of play at pivotal moments in the conflict - 1946, 1968 and 1980 - in order to illuminate the inter-relationship between apparently discrete situations. This is an essential introduction for students studying Cold War, twentieth century or Global history.

A Concise History of the World Since 1945 2020-09-16 W. M. Spellman This lively synthesis of global history since the end of World War II offers a gripping account of an interdependent world and the challenges facing individuals in the 21st century. The narrative is arranged around two key tensions: the struggle between socialism and free-market capitalism and the interaction between cultural fragmentation and the competing integrative force of globalization. Considering the historical experience of Africa, Asia and Latin America as well as the West, it addresses the ever-expanding gulf between the developed North and developing South, and the environmental impact of development on the planet's delicate ecosystems. Authoritative and well-written, this is an ideal introductory guide for undergraduate and postgraduate students taking courses on global history since 1945. It is also a fascinating primer for anyone with an interest in global history and the issues affecting the globe today. New to this Edition: - Updated to cover events since 2006, including the conflicts in Afghanistan, Iraq and Syria, China's economic and military advance to great power status, the refugee crises and the global financial crisis of 2008 - New material on the international drugs trade, global opioid crisis and healthcare implications - Expanded material on social media - Updated material on environmental issues, considering US disengagement from traditional global partners in the area of climate change and the Trump administration's distrust of climate science and executive roll-back of established environmental laws - More social history, especially coverage of women and recent developments around issues of sexuality - Expanded section on Islam to include developments within the mainstream (as opposed to radical) tradition worldwide and current historiography

The Cambridge History of the Cold War 2010-03-25 Melvyn P. Leffler This volume examines the origins and early years of the Cold War in the first comprehensive historical reexamination of the period. A team of leading scholars shows how the conflict evolved from the geopolitical, ideological, economic and sociopolitical environments of the two world wars and interwar period.

International Economic Relations Since 1945 2011-03 Catherine R. Schenk The international economy since 1945 has endured dramatic changes in its balance of power, from the early period of prosperity for industrialised nations, to the 2008/9 global crisis. In this volume Catherine Schenk outlines these huge changes, examines how the world's economic leaders have tried to organise and influence the international economy and presents the key frameworks in which international economic relations have developed. Focusing on the pattern of international trade, international investment and the changing organisation of the international monetary system, this volume takes a chronological approach of key time-frames, and shows how policy has impacted the balance of the international economy. Major events such as European integration in the 1960's, the collapse of the international monetary system and oil crisis in the 1970's the return of China to the international economy in the 1980's and emerging market crises in the 1990s are discussed within the context of key themes including global economic and regulatory co-ordination, the role of American economic hegemony, the evolution of exchange rate policy and unequal development. International Economic Relations since 1945 is the perfect guide for all students of economic history and international history, and for those seeking to understand recent economic trends in a longer term perspective.

A Companion to Europe Since 1945 2014-01-28 Klaus Larres A Companion to Europe Since 1945 provides a stimulating guide to numerous important developments which have influenced the political, economic, social, and cultural character of Europe during and since the Cold War. Includes 22 original essays by an international team of expert scholars Examines the social, intellectual, economic, cultural, and political changes that took place throughout Europe in the Cold War and Post Cold War periods Discusses a wide range of topics including the Single Market, European-American relations, family life and employment, globalization, consumption, political parties, European decolonization, European identity, security and defence policies, and Europe's fight against international terrorism Presents Europe in a broad geographical conception, to give equal weighting to developments in the Eastern and Western European states

The Pacific Basin since 1945 2014-09-25 Roger C. Thompson The nations of the Pacific Basin - in East and Southeast Asia, Australasia, the Pacific islands and the Americas - make up the world's largest economic zone, and its most culturally diverse region. In recent years its Asian 'Tiger Economies' have suffered economic collapse and unfinished business from the Cold War has produced continuing conflict and instability. The new edition of this pioneering book traces the postwar inter-relationships of all the rim and island nations. It gives a unique impression of the make-up of the region, and the tensions within it. The book integrates a wide range of information from books and articles; from published and unpublished sources, including recently opened Russian and American archives; and from the first-hand experiences of participants, including those of the author, in Pacific Basin affairs. Vigorously written and strongly argued, no other account brings together all the threads of the development of international relations in this complex and fascinating region.

The International Economy Since 1945 2002-09-11 Sidney Pollard In *The International Economy Since 1945*, Sidney Pollard describes the most important global developments in economics during the last half century. In this comprehensive history the author covers all geographical regions and considers the effects of the major countries on each other. *The International Economy Since 1945* analyses institutional issues, such as monetary policy

or the multinational company, as well as worldwide issues. The author considers the impact of policies on economic life and includes discussion of: * the threat to the environment caused by economic change * advances in technology as they relate to growth * fluctuations in standards of living in all parts of the world * policies pursued and how they influence growth * reactions of other nations to the plight of the Third World * the Communist and Far Eastern economies * the impact of World War II on the global economy. The International Economy Since 1945 debates the key issues of current global and national policy-making and the effects of greater economic integration on inflation and employment.

International History of the Twentieth Century 2004 Antony Best Using their thematic and regional expertise, four prominent authors have produced an authoritative yet accessible account of the history of international relations in the last century, covering events in Europe, Asia, the Middle East, Africa and the Americas.

The Global Economic System Since 1945 2005 Larry Allen "This book describes how, after the end of World War II, powerful corporations began to lobby governments in an effort to reduce the perceived constraints of regulation. Since the 1970s these voices have become increasingly influential, as governments worldwide have adopted free-market policies, reduced economic regulation and promoted the virtues of free-enterprise capitalism." "The Global Economic System since 1945 presents a fresh synthesis of economic history and theory. For the specialist, it will provide a useful reminder that the economy needs to be looked at from different angles, while the general reader will find a fascinating and impartial description of the current state of the global economy - as well as hints on what to look for when scanning the economic horizon for signs of inclement weather."--BOOK JACKET.

World Politics Since 1945 1996 Peter Calvocoressi A seventh edition of this best selling textbook. It summarises in one volume all the major developments in international relations since 1945. The style is concise yet elegant. The text is authoritative, all inclusive, but always accessible, and it is an ideal reference for all students who are a bit vague about topics such as the Vietnam War and the Congo Crisis. Edition updated every five years.

Rethinking the Cold War 1998 Allen Hunter The end of the Cold War should have been an occasion to reassess its origins, history, significance, and consequences. Yet most commentators have restated positions already developed during the Cold War. They have taken the break-up of the Soviet Union, the shift toward capitalism and electoral politics in Eastern Europe and countries formerly in the USSR as evidence of a moral and political victory for the United States that needs no further elaboration. This collection of essays offers a more complex and nuanced analysis of Cold War history. It challenges the prevailing perspective, which editor Allen Hunter terms "vindicationism." Writing from different disciplinary and conceptual vantage points, the contributors to the collection invite a rethinking of what the Cold War was, how fully it defined the decades after World War II, what forces sustained it, and what forces led to its demise. By exploring a wide range of central themes of the era, Rethinking the Cold War widens the discussion of the Cold War's place in post-war history and intellectual life.

Development and Disorder 1997 Mike Mason A contemporary history of the Third World that explains why most of these countries failed to develop in ways which benefit the majority of their populations.

America and the World since 1945 2017-06-30 T.G. Fraser American foreign policy is fundamental to any understanding of how the post-war world has been shaped. This insightful and wide-ranging book analyses the policies pursued by each presidency from that of Harry Truman to George W. Bush, and reviews the far-reaching consequences of these actions. Taking into account the most recent research and scholarly interpretations, T.G. Fraser and Donette Murray examine the

priorities of each successive administration and how these have had to adapt under the pressure of events on a global scale. America and the World since 1945 - Focuses on the origins and course of the Cold War - Explains major crises and developments, such as the Truman Doctrine, the nature of containment, the Cuban Missile Crisis, Berlin, arms control and detente - Features analysis of how America became involved in armed conflict, as in Korea, the Gulf, the Balkans and Vietnam - Looks at American action in relation to the Arab-Israeli conflict, as well as interventions in Latin America and Africa - Traces the evolution of policy towards China - Studies conventional diplomacy alongside the use of intelligence and covert activity - Examines the dynamics of the post-Cold War world Clear in its approach, this book is essential reading for anyone with an interest in America's relationship with the rest of the world from the end of the Second World War up to the aftermath of the attacks on the World Trade Center and the Pentagon in September 2001.

East, West, North, South 2005-01-26 Geir Lundestad Fully revised and updated, the Fifth Edition of Geir Lundestad's successful textbook on the history of international politics since 1945 will serve as an ideal introduction for all students seeking an accessible guide to world events in the post-war era up to the present day. This new edition covers all the major international developments up to 2004, including a full assessment of 9/11, the 'war on terror' and the conflict in Iraq.

Postwar 2011-01-11 Tony Judt FINALIST FOR THE PULITZER AWARD A magisterial and acclaimed history of post-war Europe, from Germany to Poland, from Western Europe to Eastern Europe, selected as one of New York Times Ten Best Books of the Year Europe in 1945 was drained. Much of the continent was devastated by war, mass slaughter, bombing and chaos. Large areas of Eastern Europe were falling under Soviet control, exchanging one despotism for another. Today, the Soviet Union is no more and the democracies of the European Union reach as far as the borders of Russia itself. Postwar tells the rich and complex story of how we got from there to here, demystifying Europe's recent history and identity, of what the continent is and has been. 'It is hard to imagine how a better - and more readable - history of the emergence of today's Europe from the ashes of 1945 could ever be written...All in all, a real masterpiece' Ian Kershaw, author of Hitler

The Making of Global International Relations 2019-02-14 Amitav Acharya Presents a challenge to international relations scholars to think globally, understanding the field's development in the Global South alongside the traditionally dominant Western approach.

Britain Since 1945 2006 David Childs This is the sixth edition of what has become the standard textbook on contemporary British political history since the end of World War II. This authoritative chronological survey discusses domestic policy and politics in particular, but also covers external and international relations. The new and improved edition of this important book brings the picture to the present by including the following additions: " September 11th " the Iraq war and after " the election of Iain Duncan Smith DS and Michael Howard as leaders of the Conservative party " the issue of immigration " the new royal wedding " the 2005 election " the importance of China on the British stage. Britain since 1945 is essential reading for any student of contemporary British history and politics.

Global Interdependence 2014-01-14 Akira Iriye Global Interdependence provides a new account of world history from the end of World War II to the present, an era when transnational communities began to challenge the long domination of the nation-state. In this single-volume survey, leading scholars elucidate the political, economic, cultural, and environmental forces that have shaped the planet in the past sixty years. Offering fresh insight into international politics since 1945, Wilfried Loth examines how miscalculations by both the United States and the Soviet Union brought about a Cold War conflict that was not necessarily inevitable. Thomas Zeiler explains how

American free-market principles spurred the creation of an entirely new economic order--a global system in which goods and money flowed across national borders at an unprecedented rate, fueling growth for some nations while also creating inequalities in large parts of the Middle East, Latin America, and Africa. From an environmental viewpoint, J. R. McNeill and Peter Engelke contend that humanity has entered a new epoch, the Anthropocene era, in which massive industrialization and population growth have become the most powerful influences upon global ecology. Petra Goedde analyzes how globalization has impacted indigenous cultures and questions the extent to which a generic culture has erased distinctiveness and authenticity. She shows how, paradoxically, the more cultures blended, the more diversified they became as well. Combining these different perspectives, volume editor Akira Iriye presents a model of transnational historiography in which individuals and groups enter history not primarily as citizens of a country but as migrants, tourists, artists, and missionaries--actors who create networks that transcend traditional geopolitical boundaries.

Cold Wars 2020-03-19 Lorenz M. Lüthi A new interpretation of the Cold War from the perspective of the smaller and middle powers in Asia, the Middle East and Europe.

History of International Relations 2019-08-02 Erik Ringmar Existing textbooks on international relations treat history in a cursory fashion and perpetuate a Euro-centric perspective. This textbook pioneers a new approach by historicizing the material traditionally taught in International Relations courses, and by explicitly focusing on non-European cases, debates and issues. The volume is divided into three parts. The first part focuses on the international systems that traditionally existed in Europe,

East Asia, pre-Columbian Central and South America, Africa and Polynesia. The second part discusses the ways in which these international systems were brought into contact with each other through the agency of Mongols in Central Asia, Arabs in the Mediterranean and the Indian Ocean, Indic and Sinic societies in South East Asia, and the Europeans through their travels and colonial expansion. The concluding section concerns contemporary issues: the processes of decolonization, neo-colonialism and globalization - and their consequences on contemporary society. History of International Relations provides a unique textbook for undergraduate and graduate students of international relations, and anybody interested in international relations theory, history, and contemporary politics.

American History: A Very Short Introduction 2012-08-16 Paul S. Boyer This volume in Oxford's A Very Short Introduction series offers a concise, readable narrative of the vast span of American history, from the earliest human migrations to the early twenty-first century when the United States loomed as a global power and comprised a complex multi-cultural society of more than 300 million people. The narrative is organized around major interpretive themes, with facts and dates introduced as needed to illustrate these themes. The emphasis throughout is on clarity and accessibility to the interested non-specialist.

End of History and the Last Man 2006-03-01 Francis Fukuyama Ever since its first publication in 1992, The End of History and the Last Man has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, The End of History and the Last Man is a modern classic.
